

To Whom It May Concern:

We are extremely pleased with the level of service we get from the folks at Barak Logistics. Their rates are reasonable and their employees are friendly and efficient. What sets Barak apart from the competition is the level of dedication and commitment that they bring. It is refreshing to have a transportation partner that is proactive in ensuring an open flow of communication and foreseeing possible issues before they become problems.

Barak Logistics is an integral part of what makes our frozen and refrigerated LTL program successful.

Please feel free to call me if you have further questions.

Sincerely,

David Glazier  
Senior Operations Manager  
Versa/Atlas Cold Storage
